## Chapter 1 by SuperFolder Ghostbuster

Who am I you may ask. I am SuperFolder Ghostbuster of the Pretty Brainless Businessmen, Jedi Knight, and Multiversal Traveler, meaning I can visit different universes. But one time, I had a dream where I was not a Jedi, not even a follower of the light. In this dream, I was what I never thought I would be! In this dream, I was a sith lord! When I first saw this vision, I was in a palace. And this palace was the palace of one of my most powerful archenemies, yet my archenemy herself is nowhere to be seen.

I then traveled downstairs to find, not the throne room of my rivals, but a huge, metal throne with a symbol representing the Dark Side of the Force. I also saw that I was not wearing what I would normally wear. Instead of an orange sweatshirt with a Yoda in the middle, I was wearing a black jumpsuit. My helmet, instead of a damaged mandalorian helmet, a black, samurai style helmet menacingly covered my face. And instead of my classic green lightsaber, what dangled on my belt was a lightsaber that had a crossguard and a fiery orange-and-black blade.

Then, what I feared the most about the Dark Side, My name would no longer mean anything to me and would no longer be my name anymore, instead being called one of the most intimidating sith names that I could ever imagine: "Darth Sligozuul"! The master who would teach me remains anonymous, for it was only a dream though.

Then what happened next in my dream was a shocker, I was sent to attack Hogwarts!!!
